Yes Please

During my interview with John Leguizamo, he told me that Amy Poehler and Tina Fey are the funniest ladies he's ever worked with in his entire life (their movie *The Nest* comes out this year), which swayed me to pick up Amy's first book, *Yes Please*. The actress-comedian-writer-three-time-Golden-Globe-co-host shares a collection of stories, lists, photos and words of advice in this intimate book. You can almost hear her voice as she recollects memories of past *SNL* skits. Amy's quick wit and trademark humor is captured on each page. This book is thought-provoking and hilarious—which is why you should definitely buy it. *Yes Please* is available for purchase where all books are sold. \$28.99
