WORDS BY VANESSA PASCALE

Laurel Peep Toe Bootie

We absolutely adore Kristin Cavallari, not only because Mrs. Jay Cutler might score us tickets to a Chicago Bears game or better yet, hook us up with one of her hubby's teammates, but because her Instagram feed makes us want to hang with her on a daily basis. Whether she's whippin' up recipes for her upcoming cookbook, traveling the world, or hanging with her adorable family - this hot mama of three always looks effortlessly fab. I mean, this woman has *excellent* taste — in men, home décor, and especially fashion. Naturally, we wanted the scoop on this fashionista's newest shoe collection with Chinese Laundry, and here's what she shared.

How would you describe the Fall 2016 Kristin Cavallari for Chinese Laundry collection?

"Every collection I create offers classic and trendy styles. I currently have over-the-knee boots and tons of booties. With everything in my life, I love simplicity, and my shoe collection reflects that."
